

## Joint Council Webinar Series

# “Federal Cyber Resources and How to Tap Into Them”

presented by Howard Tsai  
DHS, Office of Cybersecurity and Communications

And

# “Building the CyberMaryland Initiative”

presented by David Powell  
Federal Business Council

### At this Webinar, you will:

- Learn about Protection and Resilience Programs
- Meet local, regional, and federal critical infrastructure partners
- Take-away cybersecurity and resilience resources
- Participate in interactive discussions
- See an example of a regional community cyber initiative

Sponsored by: **Regional Consortium Coordinating Council (RC3) and  
State, Local, Tribal, and Territorial Government Coordinating Council  
(SLTTGCC)**

The monthly webinar series will focus on the cybersecurity efforts of federal and non-federal government agencies as well as regionally significant organizations and stakeholders by showcasing the stories and efforts of government and community cyber initiatives. The overall goal is to create a forum for dialogue about best practices, awareness of government programs and organizational capabilities within the cyber realm.

**Date & Time: June 2, 2016 3:00- 4:00PM (EDT)**

**Registration: <http://www.govevents.com/pub/20177/503ab/>**

### WHO SHOULD ATTEND

Critical infrastructure owners and operators, CIOs, security directors, risk managers, business continuity directors, IT directors, state and local homeland security and emergency management staff
